Certificate For World Soil Day Pledge

- ◆ I am very well aware of the fact that soil is an invaluable natural asset and good health of soil is critical to increase in productivity of farming and enhancement of income to the farmers.
- ◆ As a Member of the Parliament, I consider that it is my duty to make all efforts to maintain and further improve the soil health so that in the coming years its productivity remains sustained.
- ◆ I, therefore take a pledge to create interest in soil health management amongst farmers and organisations/ departments linked to farmers in my parliamentary constituency.
- ◆ I will inspire concerned departments to ensure that soil testing and recommendations made in the Soil health cards are of highest quality.
- ◆ I will encourage farmers to manage soil according to the recommendations of the Soil Health Cards for better productivity and income.
